

## 3 gallon recipe • Sweet Iced Tea

Use a 3 lb. bag of granulated sugar.

### step one

In a large pot, bring 1 1/2 gallons of water to a boil.

### step two

Remove from heat; add and dunk tea bags. Allow to steep 10-15 min.

### step three

Remove tea bags without draining; add 3 lb. bag (7 cups) of granulated sugar. Stir until dissolved.

### step four

In a 3-gallon container, combine tea mixture and remaining water. Serve over ice.

#### YOU WILL NEED:

- large pot
- 3 gallons of water
- 3 – 1 oz. tea bags
- 3 lb. granulated sugar
- 3-gallon beverage container
- ice (for serving)

**To Store:** Allow to cool, uncovered, in refrigerator until liquid reaches 41°F before sealing with lid. Keep refrigerated in an airtight container.
